Shadow Buddies Foundation Mission Statement

The Shadow Buddies Foundation is dedicated to providing support and knowledge to children with severe illnesses and disabilities. The foundation accomplishes this through unique programs designed to enhance the lives of children and adults by fostering compassion and awareness of differences with our line of 26 condition-specific "Shadow Buddy" dolls. Crafted from muslin and carefully researched to represent a child's medical or emotional condition, Shadow Buddies offer seriously ill or medically challenged children the companionship of a friend "just like me".

Heart Buddy

The Heart Buddy is designed to be a friend "just like me" and a teaching tool. The Heart Buddy is special, for it was the first Buddy created after Miles Postlethwait had his first heart surgery many years ago. Since then, doctors, nurses, child life professionals, and others have used Shadow Buddies to dispel fears and educate their young patients through medical play therapy.

The Heart Buddy has an incision down the chest and a red mended heart. Individually packaged, each Buddy arrives with a brightly colored gown, heart-shaped eyes for love and a big smile. Yes, belly buttons are included!

Shadow Buddies can go into procedures with a child and stay with them for a lifetime.
