Shadow Buddies Foundation Mission Statement

The Shadow Buddies Foundation is dedicated to providing support and knowledge to children with severe illnesses and disabilities. The foundation accomplishes this through unique programs designed to enhance the lives of children and adults by fostering compassion and awareness of differences with our line of 26 condition-specific "Shadow Buddy" dolls. Crafted from muslin and carefully researched to represent a child's medical or emotional condition, Shadow Buddies offer seriously ill or medically challenged children the companionship of a friend "just like me".

Liver Transplant Buddy

This Buddy is designed for anyone who has recently undergone a liver transplant. It can be both a companion to a frightened child or an educational tool for young family members.

The Liver Transplant Buddy shows an upside-down "Y" incision on its abdomen. Each Buddy comes with its own colorful gown, a smile on its face and heart-shaped eyes for love.

Shadow Buddies can be used to educate a child before surgery and stick around through the entire post-op process for long-term emotional support.
