

RESPIRATORY BUDDY

SCOOP SHEET

Shadow Buddies Foundation Mission Statement

The Shadow Buddies Foundation is dedicated to providing support and knowledge to children with severe illnesses and disabilities. The foundation accomplishes this through unique programs designed to enhance the lives of children and adults by fostering compassion and awareness of differences with our line of 26 condition-specific "Shadow Buddy" dolls. Crafted from muslin and carefully researched to represent a child's medical or emotional condition, Shadow Buddies offer seriously ill or medically challenged children the companionship of a friend "just like me".

#0325 -

Buddy Specs:

- Screen printed on the Buddy is an outline of the lungs on the chest and 3-D inhaler in the hand.
- Buddy comes in light, medium and dark skin tones.
- Hair color is either Blond (B), Black (BL), or Brown (BR).
- On medium and dark skin tone Buddies, hair is black. If hair color is not indicated with order, we will mix the order.
- Weighing approx. 10 oz., the buddies are 15" high and meet FDA requirements.

Respiratory Buddy

The Respiratory Buddy is a wonderful way to educate children about respiratory conditions, understanding procedures or just figuring out about the common cold. As part of basic asthma and bronchial lessons, they learn about inhalers and the need to keep them available. Loaded with information, kids gain control over the condition and become successful in their own health management.

The Respiratory Buddy has an outline of lungs on the chest and a 3-D inhaler in its hand. Individually packaged, each Buddy arrives with a brightly colored gown, heart shaped eyes for love, and a big smile. Shadow Buddies can go into procedures with a child and stay with them for a lifetime.
